

A Safer Bloomsbury for All

New space for cycling on Tavistock Place

Tavistock Place is now a pleasanter street for everyone who lives, works or studies in the area

This is what you can do to keep it like this:

- join with your colleagues or fellow students to ask your employer or college to send a supporting statement to Camden Council. More information and letter templates at: saferbloomsbury.org.uk
- write a personal statement of support for the scheme addressed to: torringtontavistocktrial@camden.gov.uk

This 12-month trial will show Camden what happens to traffic in the area. It is already under attack from groups whose road space has been reduced.
